As we shall see from this study of Rev. 17:1-19:4, the "great whore" which John saw, "a woman . . . upon a scarlet coloured beast," is a symbol of none other than apostate Christendom in its final form. This spectacular organization will include those, both Catholic and Protestant, who profess the name of Christ, yet deny "the faith once for all delivered unto the saints."

The true church is called by the Spirit of God the Bride of Christ; and Satan, ever offering a counterfeit religion in imitation of the true, will present to the world a false system, called by the Holy Spirit "the great whore." What

This video will help you explore one of history's most fascinating topics—the concept of twelve ancient bloodlines traced back to Sumerian records. These bloodlines rule our world today from behind closed doors.

This professionally narrated video examines how ancient Mesopotamian texts describe royal lineages that claimed divine ancestry from the alien gods and their alleged influence throughout history.

Ancient Sumerian king lists and genealogical records meticulously documented these ruling dynasties that traced their authority back to the Anunnaki gods. These texts describe twelve primary bloodlines established in the antediluvian period, each associated with specific cities, deities, and divine mandates.

These ancient families maintained power through strategic marriages, religious authority, and claims of sacred heritage that extended across millennia. However, this ancient lineage is only sacred to those who worship aliens.

In this video you will examine the historical evidence for these elite lineages maintaining continuity from ancient Mesopotamia through Babylon, Egypt, and into later civilizations that went west into Europe and America today. The video discusses the Sumerian concept of "nam-lugal" (divine alien kingship). This is why tribes in the Old Testament were not supposed to intermarry with other bloodlines. Their lives focused on the significance of genealogical purity in ancient cultures, and how these bloodline traditions influenced political structures throughout the ancient world and today. This video presents scholarly

research on ancient genealogy, royal alien bloodline succession systems, and cultural anthropology.

The story telling is designed specifically for relaxation and sleep. The video was created for those of us who like to listen to video's as we fall asleep. The video is for those of us who are interested in ancient political history, genealogy, alternative historical alien theories, and anyone seeking thought-provoking bedtime content to help us understand where the Old Testament stories came from.
